Old Business:

1. Lou mentioned that the reviews for employees had not been done in December. They will be done after budget.
2. The Board went over the budget and warrant articles. It was discussed as to how the budget should reflect the modifications to the sand shed. Lou thought that they should have a warrant article for the improvements noting that this board strives for transparency. Bud and Ron agreed that having it as a warrant article would let the townspeople decide and it would inform people of big expenditures. The Board discussed how much money to use from the Fund Balance to offset paving costs and grader repair work.

New Business:

1. The Board discussed open offices and any declarations.
2. The Board discussed that the SRO position is up at the beginning on March and the Healthtrust will end then as well.
3. The Board discussed Comcast and talking to someone about the intentions of the company in Town and their internet services.
4. The Board reviewed and signed POs for the Road Agent.
5. The Board reviewed and signed orders.

8:30 Move to Adjourn. (Lou, Bud)
