### **Recognition of Visitors:**

**Robert Scott**, addressed the Board concerning the property of Larry and Carol Karson. Robert said he was in the process of getting a loan to purchase the property, he was just waiting on the title search and check for other liens. He asked the Board if there could be a consideration on the interest owed if the Town would be paid in a lump sum. The Board said that they would ask for a breakdown of the money owed the Town and decide from there if some of the interest would be abated. The Board did note that the Town will continue the process and will take the deed on the property if not paid by June 1<sup>st</sup>.

**Jeff Holmes**, Moderator, also joined the meeting. He said that the State was in a bit of turmoil with the Elections and forecasted snow storm. Jeff noted that he had joined in a conference call earlier put on by the State. The State had said that the Towns could not change the Election day and said that there had been a lot of information going out this morning from the Municipal Association, Secretary of State's Office and the Attorney General's Office that had not all been the same. The Board and Jeff discussed that, as the Governor had recommended, they would have the elections as scheduled. They also discussed that they would plan on having the Town Meeting after, also as planned, unless it became impossible. Jeff said that they could decide to postpone the date of the Town Meeting up to two hours prior to the start of the meeting. Jeff, as Moderator, made the decision to have the Meeting and the Board agreed. They noted that none of the warrants were controversial and the budget was good, with income and expenditures; so they weren't expected a big turnout anyways.
