Cliff discussed with the Board that he would like some action taken on the shape of Holden Hill Road. Cliff mentioned that the Road Agent worked well with what he had but the road itself needed work. He noted that he often cannot use the road in front of his house and thought that residents on Holden Hill were not receiving the same services as other residents on paved roads. He mentioned that Holden Hill is a main road in town and has quite a bit of traffic.

Lou replied that culvert replacement and ditching on Holden Hill was scheduled for this year. The Board discussed with Cliff that to pave the road it would need to be dug down and the base replaced. Lou said it could potentially cost upwards of \$300,000 which the Town would need to take out as a bond. They also discussed having a public meeting to go over the roads in general and hear what the residents would like. The Board noted that they will be in contact with Cliff as to how much it would be for paving. The Board thanked Cliff for coming.

Diane Holmes was sworn in as Cemetery Trustee.

Ray L'abbe talked with the Board about the open SRO position. The Board noted that the School will be drafting up a new contract for the SRO position. Ray L'abbe mentioned that people had been telling him that they would like to see it as a full time position. Lou mentioned that the school will reimburse the Town the difference if they overspend their initial budgeted monies. Lou hoped to have the School involved and ready to do interviews in May for next school year. He mentioned that the State Police will finish up this school year.
