Recognition of Visitors: No visitors.

Old Business:

1. The Board read a thank you note for the Towns' donation to the Kingsbury Center in Betty Whipple's name.
2. The Board discussed the quote from Granite State Glass for \$735 to replace the window in the Food Shelf. They agreed to table it for now and ask for a few quotes to replace the window with a single pane.
3. The Board discussed the meeting to review the SRO contract. Rosemary told the Chief she could not attend due to her claim with Workmen's Comp. The Board thought to check with Workmen's Comp and decided that the changes would have to be made to the contract whether or not she attended.
5. The Board discussed clean up day. They said they had a fairly good turnout and the roads were looking good. Lou mentioned that quite a few people went out on their own and cleaned up the roads that they lived on. The Board also discussed that while bringing trash to the dump that day Lou was bitten by a llama. They discussed that it bit two other people and went after a lady before being subdued. The Board thought to let the Animal Control Officer know about the situation.

New Business:

1. The Board reviewed and signed an Excavation Tax Warrant.
2. The Board read a letter from MAST concerning fees during registrations to put toward public transportation. The Board agreed that it would have to be a warrant article for Town Meeting.
3. The Board reviewed the USPAP standard review by the DRA on CNP, the Town's assessing company.

4. The Board discussed a complaint from a resident concerning a logging operation going on behind his house. Lou was going to investigate the ordinance times. Bud said he would call the resident tomorrow and the Chief was going up to talk to the loggers.

5. The Board discussed that the Town has not received any quotes on the Carriage House yet and will reach out to more companies.

6. The Board reviewed and signed orders.

7:44 Move to Adjourn. (Lou, Bud)
