Old Business:

1. Lou discussed that LCHIP would be here on Thursday to check out the steeple project. The project has been deferred until next spring due to the fact that LCHIP would not count monies used by the Town for the project this year. The Town will transfer the \$13,000.00 to the Heritage account to be used towards the steeple project next year and have added the siding on the three sides to that project as well. Lou mentioned that doing it all at once will save money as well.

2. The Board discussed that DOT was coming to check out Village Road tomorrow to address concerns from a resident about water crossing the road and the dirt and gravel piling up in her yard.

New Business:

1. The Board reviewed and signed a letter from the State concerning the PA-28.

2. The Board reviewed and signed three Intents to Cut.

3. The Board reviewed and signed a Timber Tax Warrant.

4. The Board signed a letter to a logging operation in thanks for their efforts to repair Egerton Road. The Board also discussed that Holden Hill and Tory Hill had been damaged in the last rainstorm. The pavement at the end of Walker Hill also needs to be addressed.

5. Lou mentioned that he had discussed the SRO position with Jim Fenn. The School Board does not want to eliminate the position. They discussed that Ray had talked with Jim about an alternative and asked that Ray come to the meeting next week to discuss it.

6. The Board reviewed and signed payroll.

7. The Board reviewed and signed orders.
