Bud noted that he will not be available for the meeting on the 11th. Lou also said he would not be available for that meeting either. Ron will be in to sign for orders and the Board will meet again on the 18th.

Old Business:

1. The Board discussed an email from Dode Gladders of the Cooperative Exension concerning the trees on the common. Lou thought to get together a downtown rejuvenation plan to present at town meeting. It would include ideas about new plantings, the Old Fire Station and the Old Salt Shed. Lou mentioned that he has a meeting scheduled with the Fire Dept to discuss the Old Fire Station.
2. The Board discussed Todd ordering the salt and gravel. Lou brought up that Todd does need to spend the money budgeted for the year prior to using the money that the State had given the Town for Highway works.
3. The Board discussed the SRO situation. The one year contract from the school should be completed soon. The Town will not have the State Police in until it is signed.
4. The Board discussed that a meeting with John Kallfelz, DOT, is scheduled for September 8th at 1pm to go over the roads in town.
5. Bud asked if we had heard from the Attorney concerning the deeded property. There has been no new communication.
6. Lou discussed the Tory Hill Glass dilemma. The Board decided not to pursue it to small claims court and will just walk away.

New Business:

1. The Board reviewed and signed a Medical Resource Hospital Agreement for the Fire Dept.
2. The Board reviewed and signed orders.

7:29 Move to Adjourn. (Lou, Bud)
